INTRODUCTION

The National Council for Curriculum and Assessment (NaCCA) has developed a new Senior High School (SHS), Senior High Technical School (SHTS) and Science, Technology, Engineering and Mathematics (STEM) Curriculum. It aims to ensure that all learners achieve their potential by equipping them with 21st Century skills, competencies, character qualities and shared Ghanaian values. This will prepare learners to live a responsible adult life, further their education and enter the world of work.

This is the first time that Ghana has developed an SHS Curriculum which focuses on national values, attempting to educate a generation of Ghanaian youth who are proud of our country and can contribute effectively to its development.

This Teacher Manual for Ghanaian Languages covers all aspects of the content, pedagogy, teaching and learning resources and assessment required to effectively teach Year One of the new curriculum. It contains this information for the first 15 weeks of Year One, with the remaining 9 weeks contained within Book Two. Teachers are therefore to use this Teacher Manual to develop their weekly Learning Plans as required by Ghana Education Service.

Some of the key features of the new curriculum are set out below.

Learner-Centred Curriculum

The SHS, SHTS, and STEM curriculum places the learner at the center of teaching and learning by building on their existing life experiences, knowledge and understanding. Learners are actively involved in the knowledge-creation process, with the teacher acting as a facilitator. This involves using interactive and practical teaching and learning methods, as well as the learner's environment to make learning exciting and relatable. As an example, the new curriculum focuses on Ghanaian culture, Ghanaian history, and Ghanaian geography so that learners first understand their home and surroundings before extending their knowledge globally.

Promoting Ghanaian Values

Shared Ghanaian values have been integrated into the curriculum to ensure that all young people understand what it means to be a responsible Ghanaian citizen. These values include truth, integrity, diversity, equity, self-directed learning, self-confidence, adaptability and resourcefulness, leadership and responsible citizenship.

Integrating 21st Century Skills and Competencies

The SHS, SHTS, and STEM curriculum integrates 21st Century skills and competencies. These are:

- **Foundational Knowledge:** Literacy, Numeracy, Scientific Literacy, Information Communication and Digital Literacy, Financial Literacy and Entrepreneurship, Cultural Identity, Civic Literacy and Global Citizenship
- **Competencies:** Critical Thinking and Problem Solving, Innovation and Creativity, Collaboration and Communication
- **Character Qualities:** Discipline and Integrity, Self-Directed Learning, Self-Confidence, Adaptability and Resourcefulness, Leadership and Responsible Citizenship

Balanced Approach to Assessment - not just Final External Examinations

The SHS, SHTS, and STEM curriculum promotes a balanced approach to assessment. It encourages varied and differentiated assessments such as project work, practical demonstration, performance assessment, skills-based assessment, class exercises, portfolios as well as end-of-term examinations and final external assessment examinations. Two levels of assessment are used. These are:

- Internal Assessment (30%) – Comprises formative (portfolios, performance and project work) and summative (end-of-term examinations) which will be recorded in a school-based transcript.
- External Assessment (70%) – Comprehensive summative assessment will be conducted by the West African Examinations Council (WAEC) through the WASSCE. The questions posed by WAEC will test critical thinking, communication and problem solving as well as knowledge, understanding and factual recall.

The split of external and internal assessment will remain at 70/30 as is currently the case. However, there will be far greater transparency and quality assurance of the 30% of marks which are schoolbased. This will be achieved through the introduction of a school-based transcript, setting out all marks which learners achieve from SHS 1 to SHS 3. This transcript will be presented to universities alongside the WASSCE certificate for tertiary admissions.

An Inclusive and Responsive Curriculum

The SHS, SHTS, and STEM curriculum ensures no learner is left behind, and this is achieved through the following:

- Addressing the needs of all learners, including those requiring additional support or with special needs. The SHS, SHTS, and STEM curriculum includes learners with disabilities by adapting teaching and learning materials into accessible formats through technology and other measures to meet the needs of learners with disabilities.
- Incorporating strategies and measures, such as differentiation and adaptative pedagogies ensuring equitable access to resources and opportunities for all learners.
- Challenging traditional gender, cultural, or social stereotypes and encouraging all learners to achieve their true potential.
- Making provision for the needs of gifted and talented learners in schools.

Social and Emotional Learning

Social and emotional learning skills have also been integrated into the curriculum to help learners to develop and acquire skills, attitudes, and knowledge essential for understanding and managing their emotions, building healthy relationships and making responsible decisions.

Philosophy and vision for each subject

Each subject now has its own philosophy and vision, which sets out why the subject is being taught and how it will contribute to national development. The Philosophy and Vision for Ghanaian Languages is:

Philosophy: Every learner can communicate effectively in a Ghanaian Language, have a good sense of their cultural values and identity, and appreciate the aesthetics of the language using field and creative surrogate experiences to expose them to job prospects, further studies and adult life

Vision: Learners can communicate effectively and confidently in the Ghanaian Language, appreciate their cultural values, and critically analyse discourse for the world of work or further studies.

SCOPE AND SEQUENCE

Learning Outcomes:

1. *Describe vowels and consonants in the Ghanaian language using the right parameters.*
2. *Use the knowledge of the sound system of the language to form meaningful words.*

Content Standard: Demonstrate knowledge and understanding of the sound system of the Ghanaian language

INTRODUCTION AND SECTION SUMMARY

This section discusses the bases of language (sounds). Learners will be introduced to the vowels and consonants of the language. They will also learn the parameters used in describing the vowels and consonants. Again, learners will be introduced to the distribution of vowels and consonants in the language, aiding them to form meaningful words and facilitate effective speaking and reading in the language. This section is essential for learners not only in the context of Ghanaian language studies but also to establish links with related subjects such as English and other languages. This section equips learners with foundational knowledge and functional understanding of sounds and their role in language learning. The teacher is encouraged to employ interactive pedagogical strategies, resources, differentiation and assessment strategies to support learning. Additionally, examples in this section are limited to a few Ghanaian languages; therefore, teachers are advised to use language appropriate examples.

The weeks covered by the section are:

Week 1: Vowel and consonant description

Week 2: Vowel and consonant distribution

SUMMARY OF PEDAGOGICAL EXEMPLARS

The pedagogical exemplars include many approaches to teaching Ghanaian language concepts. Collaborative learning involves engaging learners to work together on learning tasks in a group small enough to ensure that everyone participates in the lesson. It includes specific approaches such as mixed-ability/gender groupings, pair work and modelling. Collaborative learning encourages learners in mixed-ability and mixed-gender groups to share ideas on the various Ghanaian language concepts. Collaborative learning ensures learners remain engaged with content while thinking critically and sharing ideas with peers. Gifted and talented learners can perform leadership roles as peer-mentors to guide fellow learners to have a deeper understanding of Ghanaian language concepts. Teachers are advised to cater for all learners including those with sound production difficulties and solve problems skilfully.

ASSESSMENT SUMMARY

The assessment strategy for this section ensures a balanced evaluation of recall/reproduction of knowledge, basic application of skills/concepts, strategic thinking, and extended critical thinking abilities of learners. Regular oral feedback and written responses are encouraged to facilitate

improvement in learning and holistic learner development. Beginning with Level 1 recall questions, short oral answers, written words, and sound production are elicited to provide understanding of foundational knowledge of the sound system in the language. Level 2 assessment ensures learners progress to the description of sounds using the appropriate parameters. Level 3 strategic reasoning questions also ensure learners identify vowels in words and show their distribution. Level 2 tasks are given to learners to apply the knowledge of sound distribution to form words. This will help them acquire a deeper understanding of the sound system. Teachers should employ a variety of formative and summative assessment strategies to gather information about individual learner's performance, including scores, feedback, and progress over time. Through this, a balanced assessment approach, continuous improvement and holistic learner development are ensured.

Wiiki 1

Zamesem Woyum:

1. *Maje vawola yalo na wo Kasem taane dem ne to ko maje de (maana, nivɔɔro kikia, dideilimi zeijim de dideilimi daa)*
2. *Maje kɔnsonanta yalo na wo Kasem taane dem ne to ko maje de (maana, kwora mumunim, ya keini jei de ya na ke tetei to)*

Tayuu naa Woyum: **Vawole de Kɔnsonante Maŋem**

Vawole

Iwaŋa sɔɔ kolo keini maŋa ne kwora kam na wó puri ye kwor-ŋwanno zuzuga amaa zuzugim dem sɔɔ ba ni to mo, ye ko ye sɔɔ-kuri mo selabole wone taane mɔɔnem ne.

Nivɔɔro kikia: konto mo wó bere nivɔɔro tem guguri mo naa te jage mo vawole dem keini maŋa ne. konto mo bere ‘ni gugurim’ de ‘ni jagem’ nyenyero tem. Ko ta woli da, vawola yadwonna keim maŋa ne, ni dem na yeini de puri tei to mo dé tøge da dé maa maŋa. Maana mo ye, ko ye porem; porem fee; peem; peem fee.

Dideilimi zeijim: Konto te dideilimi dem na zeini tei ni dem wone vawole sɔɔ keini maŋa ne to mo. Konto wae ko ye **baŋa, tetare, naa kuri**.

Dideilimi dem daa: konto te dideilimi dem daa kalo na ke vawole sɔɔ kom to mo. Dé jege **yiga, tetare, de kwaga** vawola mo.

Maana mo tento:

- /o/ - kwaga-tetare-ni gugurim-peem fee
- /i/ - yiga- baŋa-ni jagem-peem fee
- /ɛ/ - yiga- kuri-ni jagem- porem
- /ɔ/ - kwaga-tetare-ni gugurim- porem

Kɔnsonante

ŋwaŋa sɔɔ-dwi delo keini maŋa ne choom fee na wora vio kom nuŋim maŋa ne ye ko wae ko woli de vawole ko mɔɔne selabole to.

Wonnu telo na mae te maje kɔnsonanta seina to: kwora ŋwanno kikia, sɔɔ kom keim jei de sɔɔ kom na ke tei to

Kwora ŋwanno kikia: kwora ŋwanno kikia che kuni belei mo. Dé jege kwora zuzugim kɔnsonanta de kwora zuzugim tera kɔnsonanta mo. Kwora zuzugim kɔnsonanta maana mo ye /g/, /d/, /m/, /b/ ye kwora zuzugim tera kɔnsonanta de maana maa ye /f/, /s/, /k/, /t/, /p/, etc.

Sɔɔ kom keim jei: sɔɔro tem na ke jei sedwonna mo ye nivɔɔ de nivɔɔ, nivɔɔ de yeila, nimɔŋɔ de dideilimi, karemakkia, dideiga etc.

Sɔɔ kom na ke tei to: konto te ŋwaŋa zola na tui daane tei ŋwaŋa sɔɔro keim maŋa ne to mo. Kɔnsonanta yadwonna keim zege vio kom na nuŋi tei to mo ne bagem, foosem, aferekeiti, momɔŋɔrɔ, laterale etc

The production of the vowel and consonant sounds should be assessed orally while the description is assessed in both oral and written.

Zamesem totona

1. Vawole ye be mo?
2. Kənsonante ye be mo?
3. Wonnu tə mo mae te maŋe vawola seina?
4. Wonnu tə mo mae te maŋe Kənsonanta seina?
5. Ke vawola sɔɔro tem Kasem ne to.
6. Ke Kənsonanta sɔɔro tem (se ko yé muri sɔɔro fuga)
7. Maŋe Kənsonanta Yam de vawola yalo n na ke to seina.

Pedagogical Exemplars

Collaborative learning

1. **Modelling (Vowels):**
 - a. Teacher models production of vowel.
 - b. Learners repeat the vowels produced by the teacher.
 - c. Teacher discusses the parameters used in describing the vowels (e.g., tongue height, lip posture and part of the tongue).
2. **Modelling (Consonants):**
 - a. Teacher models the production of consonant sounds.
 - b. Learners repeat the production of consonant sounds.
 - c. Teacher discusses the parameters used in describing consonants (voicing, place of articulation and manner of articulation).
3. **Whole Class:**
 - a. Teacher provides vowels (e.g., /e/, /ɛ/, /i/, /a/, /ɔ/, /o/, /u/ etc.).
 - b. Learners produce at least three of the vowels.
 - c. Learners form at least three words using the vowels and make presentation for class discussion.

Building on what others say

1. **Pair work:**
 - a. Teacher produces the vowel sounds in the language of study.
 - b. In mixed-ability pairs, learners produce the vowel sounds in words given by the teacher and use the vowels to form words (e.g., /a/, /e/, /ɛ/, /ɔ/ etc.).
 - c. Produce consonant sounds in words provided by the teacher.
 - d. Describe consonants using the parameters.
 - e. In mixed-ability/mixed-gender (where applicable) pairs, learners produce the vowel sounds in words given by the teacher and use the vowels to form words.
 - f. Describe the vowels in the words using the parameters for describing vowels.
 - g. Produce consonant sounds in words given by the teacher and form other word(s) with the consonants.
 - h. Use the parameters for describing consonants to describe the consonants.

Collaborative learning

1. Group work:

- a. In mixed-ability groups, learners identify the vowels and consonants in words given by the teacher and work together to describe the vowels and consonants, write the vowels and consonants in the language and make a presentation to the whole class, identify vowels and consonants in given words.
- b. Learners describe at least three vowels and five consonants they identify in the given words.

2. Pair work:

- a. Learners in mixed-ability pairs form words with the vowels and consonants and present it to the whole class.
- b. Learners describe at least five of the vowels and twelve of the consonants to the class.

Teachers should expect learners to be at different achievement levels. AP learners will produce vowels and consonants and describe at least three vowels and consonants. P learners will also be able to produce vowels and consonants correctly and describe at least five vowels and ten consonants. HP learners will be able to produce the vowels and describe all of them and also produce consonant sounds and describe more than ten of them.

The teacher should encourage the higher achievers in the groups to assist the other members and task them to do more. The teacher is also encouraged to take care of learners with sound production problems and skillfully resolve them by making them repeat the vowels or pronouncing words with such sounds repeatedly. Such learners can also be made to play the sound game. In the sound game, the teacher produces a sound and learners are to look for the symbols that correspond to the sound produced by the teacher. The first to get the symbol correct is applauded. Also, encourage respect and tolerance of abilities among learners. Address GESI-stereotypes related to the sounding out of vowels and consonants.

- iv.** Pwoori
- v.** seero

Pedagogical Exemplars

Building on what others say

1. Pair and group work:

- a. In mixed-ability pairs, learners list the vowels learnt (e.g., /a/, /i/ /e/, /ɛ/, /ɔ/ /o/ /u/ etc.) and practice sounding them out.
- b. Teacher uses the above activity to help learners revise the parameters used to describe vowels and describe vowels in some given words using the right parameters.

Initiating Talk for Learning:

Whole class discussion

1. Lead learners in a whole class discussion to write a list of about ten to fifteen words and underline all the vowels in them.
2. Probe further for learners to identify the position of the vowels in the words they have written.
3. Use this activity to guide learners to discuss the meaning of vowel distribution.
4. Provide explanation of essential terms such as: ‘vowel distribution’, ‘word initial’, ‘word medial’, ‘word final’ to consolidate learners’ understanding of the lesson.

Also, encourage respect and tolerance of diverse views among learners. Address GESI- -stereotypes, and pay attention to learners with special education needs.

Modelling:

1. Teacher provides ten words and shows the position of all the vowels in them.
2. Learners are provided with words to identify the vowels in them and categorise them into word initial, word medial and word final positions. Examples of words such as:

Maana: amaa, lɔge, senye

Collaborative learning

Pair work:

1. In pairs, learners sound out vowels and use them to form words.
2. Pairs show the position of the vowels in the words and present their work to the class for discussion.

The teacher should take note of learners with speech disorders and those who cannot produce some sounds and address the problem skillfully.

Wochæero telo banya ne dé na wó ke ka-faje-ka-ni to

Pedagogical Exemplars

Collaborative learning

1. Modelling and group work:

- a. Teacher models production of consonant sounds such as /b, d, f, g, h, j, k, m, n, s, ny, ch/ by way of revision. (Remind learners about digraphs/trigraphs where applicable).
- b. Learners produce the consonant sounds after the teacher.

- c. In groups, learners form words with the consonants they produce and tell the position of the consonants in them.
- d. Teacher uses this activity to guide learners to discuss the parameters for describing consonants distribution in words—word initial, word medial, word final.
- e. Teacher provides explanation to key terms such as word initial, word medial, word final to help consolidate learners' understanding of the concept of consonant distribution.

Building on what others say

1. Pair work:

- a. Learners in mixed-ability or mixed-gender (where applicable) pairs, discuss given words to identify the consonants in them. Examples of words, **Kanchua, swooni, nyenyego, sempale, mumuna, dwoa, fuli.....**. The consonants in the words provided are (k, s, f, n, ny, m, dw, g, ch, y, l, p)
- b. Learners in their respective groups analyse the given words and write notes on the position of each of the consonants identified
- c. Question learners to lead them to classify all the consonants under those that belong to word initial, word medial and words final. Encourage tolerance of diverse abilities during presentations and discussions.

All learners should be encouraged to participate in the lesson actively. Respect and tolerance of diversity should be encouraged irrespective of learner's linguistic background. Address gender and linguistic stereotypes to promote collaboration.

Teachers should not expect all learners to be at the same level of achievement at the end of the lesson. The teacher is therefore encouraged to use varied pedagogies to allow all learners to progress. For example, HP learners can support AP learners or HP/P learners can complete independent work while the teacher supports AP learners.

Section 1 Review

This section covers indicators that are taught in weeks two and three. Here, learners are to demonstrate knowledge and understanding of the sound system of the Ghanaian language. In doing so, teachers should use varied pedagogical approaches to help learners describe the vowels of the Ghanaian language using lip posture, tongue height and part of the tongue. The consonants of the Ghanaian language are also described using parameters such as voicing, place of articulation and manner of articulation. Again, learners are guided to explain the distribution of vowels and consonants of the Ghanaian language, and practice distributing vowels and consonants at word initial, word medial and word final position. Altogether, varied assessments strategies are used to test learners' knowledge and understanding of the contents.

POPWARE SELEI TU: NI TAANE DE BOBODA POOREM

Tayuu:

1. Iwanya
2. Taane de de Totoya

Tayu-balaya:

1. Iwanya / ɿwanya mε na manje to
2. Tənɔ Garem
3. Pipiriteɔ

Learning Outcomes:

1. Collaborate and communicate effectively with others.
2. Exhibit ability to orally communicate effectively to a target group.
3. Discuss skimming using preview, overview and review.

Content Standards:

1. Demonstrate the ability to understand discourse and identify key ideas.
2. Demonstrate knowledge and understanding of skimming and scanning for information from a text.
3. Demonstrate knowledge and understanding of the rules and steps in the interpretation

INTRODUCTION AND SECTION SUMMARY

This section discusses how key ideas are identified in texts and in discourse. Learners will learn the concept of key ideas and discourse. They will learn the skills of identifying key ideas in text and in discourse. In addition to this, learners will be introduced to a variety of texts on different topics and issues that ranges from GESI to national and international topical issues. This section is essential for learners not only in the context of Ghanaian language studies but also establishes links with related subjects such as English and other languages. The section equips learners with the requisite skills of understanding key ideas and discourse and how to identify the key ideas in both texts and discourse. The learners will also be equipped with the skills of sharing ideas and opinions on a given topic. Learners will be introduced to the concepts of skimming and scanning as reading techniques where they will use the skills gained to look for key ideas and information from texts. Also, learners will be introduced to the concept of oral interpretation. They will learn what interpretation is and the skills of effective interpretation. The teacher is therefore encouraged to employ interactive pedagogical strategies, resources, differentiation, and assessment strategies to support and challenge learners of all abilities.

The weeks covered by the section are:

Week 3: Identification of key ideas and discussing opinions and ideas

Week 4: Skimming

Week 5: Scanning

Week 6: Interpretation**SUMMARY OF PEDAGOGICAL EXEMPLARS**

The pedagogical exemplars employed include a variety of approaches to teaching Ghanaian language concepts. Talk for Learning involves engaging learners to work in groups or pairs to share their views on a concept. It includes approaches such as whole class activities and pair work. In problem-based learning, learners collaborate in groups to find solutions to problems and concepts. This helps in developing self-confidence in learners. Gifted and talented learners can perform leadership roles as peer-teachers to guide classmates to have a deeper understanding of Ghanaian language concepts. Teachers are guided to take care of learners with SEN.

ASSESSMENT SUMMARY

The assessment strategy for this section ensures a balanced evaluation of recall/reproduction, skills building, strategic reasoning, and extended critical thinking abilities of learners. Teachers are encouraged to give regular feedback to learners and document results for future reference. This will facilitate the development of learners. Beginning with Level 1, recall questions, short oral answers, short written essays and discussions will offer insights into foundational knowledge. Level 2 skills progress to short essays or oral presentations, evaluating students' ability to articulate concepts. Teachers should employ a variety of formative and summative assessment strategies to gather information about a learners' performance. This ensures a balanced assessment approach and fosters continuous improvement and holistic learner development.

Pedagogical Exemplars

Talk for Learning Think-pair-share:

1. Teacher models the prediction of story line following the principles discussed.
2. Learners in mixed-ability pairs predict a story line based on titles, pictures, key words or audiovisual materials.
3. Each pair shares their predictions and presents a final work to the class, justifying their responses.

Group work:

1. In small mixed-ability groups, identify a number of key ideas e.g., **respect, kindness, tolerance** and prioritise them using the diamond nine approach and discuss them. The teacher should ensure HP learners support AP learners.

Individual work:

1. Individual learners create short stories based on the pictures and key words and present for class discussion. Encourage learners to tolerate and respect each other's view.

Pedagogical Exemplars

Starter:

Teacher reads a text or plays an audio-visual material and task learners to identify the key ideas.

The teacher should select themes for discussion from the examples below and any other relevant topics:

- a. Cultural values (respect, kindness, tolerance and others),
- b. Education,
- c. Child trafficking,
- d. Environment,
- e. Industrialisation in Ghana,
- f. Mining, etc.

Teacher leads learners to discuss the concepts opinions, discourse and ideas.

Talk for Learning

Think-pair-share:

1. Provide learners with the title of a story, key words in the story and picture of the story.
2. Learners think-pair-share predictions of the story line based on the title, pictures and key words.

Group work:

1. In small mixed-ability groups, learners listen to a discourse and discuss the key ideas identified in the discourse, (e.g., **respect, kindness, tolerance**) and prioritise them using the diamond nine approach.

Teachers should encourage the HP learners to assist the AP learners in the groups.

Encourage each learner to participate actively. Learners should be made to respect each other's ideas and opinions. The teacher should try to skillfully attend to learners who are extremists when it comes to gender roles. Learners should be made to relate what they have discussed to everyday life situations such as discussions on radio and television, news items, discussion of issues with their friends, etc

Individual work:

1. Individual learners create short stories based on the pictures and key words and present for class discussion. Encourage learners to tolerate and respect each other's views.

Pedagogical Exemplars

Problem-Based learning

Whole class:

1. To ensure communication, all learners define skimming in their own words and compare it to the teacher's definition.
2. Learners collaborate to explain the skimming techniques (e.g., eye movement, preview, overview and review).
3. Teacher models skimming to smaller mixed-ability/gender groups
4. Learners model skimming.

Group work:

1. In mixed-ability groups, learners skim different passages for key words and bring out the general information in the passage and present their works for whole class discussion.

Teachers should take note of learners with special educational needs and the gifted and talented in class so that they offer the necessary support and challenge to such learners. Teachers should guide HP learners to support AP learners.

NB: The passage should be selected from a theme under cultural values (good morals, selflessness, confidence, etc.), GESI, STEM, environment, public health, sanitation, contemporary national issues, contemporary international issues, COVID-19, energy efficiency, etc.

Pedagogical Exemplars

Problem-based learning Whole class:

1. Learners define to each other scanning and compare their definition to the teacher's definition.
2. In mixed=ability groups, learners discuss the various definitions given by the class to settle on the most appropriate explanation and present their answer for whole class discussion. This helps to build collaboration, communication, critical thinking and problem-solving skills in learners.
3. Learners choose from a wide array of word cards containing key elements of scanning and discuss them in their groups. For example, a group might select Movement of the eye or Identification of key words or phrases.

NB: Support SEN learners by allowing them to match definitions with key terms. Group work

1. Teacher scans through passages as a model to the class.
2. Discuss scanning strategies in groups and demonstrate how it is done to the class.
3. Teacher reinforces learning by asking learners questions to help them realise their own mistakes and correct themselves.
4. Learners ask questions for clarification and contribute to the lesson.

All learners should be encouraged to contribute and respect each other's view. Teacher can do this by calling learners to talk/providing learners/groups with talking tokens.

Individual work:

1. To foster self-directed learning, individually, learners scan different passages for specific information (e.g., key words, phrases, headings, subheadings, dates, main character, etc.) and discuss their findings in class.
2. All learners listen to or watch audio-visual material and identify the key information.

NB: The passage should be selected from a theme under GESI, STEM, Environment, Public Health, Sanitation, Contemporary national issues, contemporary international issues, energy efficiency, etc.

Pedagogical Exemplars

Initiating Talk for Learning Whole class:

1. Discuss what oral interpretation is (effective listening, encoding and decoding, etc.).

Group work/collaborative learning

1. Pair work:

- a. In pairs of similar ability, learners role-play an oral interpretation session taking into consideration the basic concept of interpretation. *In this role play, one learner says something in English language and the other learner gives the meaning of what the first learners said in the language of study.*

2. Whole class:

- a. Play a recorded tape or read a short text for learners to interpret.

Teachers should expect that learners' achievements would not be at the same level. Higher achievers and learners still struggling should be attended to in a skillful manner through individual support or more challenging independent work.

Wochæero telo banja ne dé na wó ke ka-faje-ka-ni to

Section 2 Review

This section covers indicators that are taught in weeks one, four, five and sixteen. Learners are to demonstrate an understanding of sharing ideas and opinions and identifying them in discourse. They are also supposed to demonstrate an understanding of skimming and scanning and oral interpretation. To help learners demonstrate these skills, teachers are advised to use the varied pedagogies suggested effectively. Sharing opinions and ideas will help learners take part in the national discourse on topical local and global issues. Skimming and scanning as reading techniques would equip learners with the requisite skills in identifying information and specific ideas in texts quickly. The idea of oral interpretation will also help learners become good listeners. Finally, varied assessment forms should be employed to test learners' knowledge and understanding of the key concepts taught.

POPWARE SETO TU: BOTAREBIA DE BA TOTODA TAPUNI WONE

Tayuu: **Taane de de Totoña**

Tayu-balaja: Botarebia De Ba Totoña Tapuni Wone

Learning Outcome: *Apply the knowledge and understanding of the word classes to form meaningful sentences*

Content Standard: Demonstrate knowledge and understanding of appropriate use of nouns, adjectives, verbs and adverbs.

INTRODUCTION AND SECTION SUMMARY

This section discusses the structure of the words of the language. Learners will be introduced to nouns, adjectives, verbs and adverbs as the major word classes. They will also learn the types of nouns, adjectives, verbs and adverbs. Appropriate examples will be used to aid learners' understanding and also help them form meaningful sentences. This will facilitate effective speaking and reading in the language. This section is essential for learners not only in the context of Ghanaian language studies but also establishes links with related subjects such as English and other languages. This section equips learners with foundational knowledge and functional understanding of words and their role in language learning. The teacher is encouraged to employ interactive pedagogical strategies, resources, differentiation and assessment strategies to support learning. It should be noted that, examples in this section are limited to few Ghanaian languages, therefore, teachers are advised to use language appropriate examples.

The weeks covered by the section are:

Week 7: Categorising Nouns

Week 8: Classification of Adjectives

Week 9: Classification of Verbs and adverbs

SUMMARY OF PEDAGOGICAL EXEMPLARS

The pedagogical exemplars include many approaches to teaching Ghanaian language concepts. Collaborative learning involves engaging learners to work together on learning tasks in small group to ensure that everyone participates in the lesson. It includes specific approaches such as mixedability/gender groupings, pair work and modelling. Collaborative learning encourages learners in mixed-ability and mixed-gender groups to share ideas on the various Ghanaian language concepts. Collaborative learning also ensures that learners remain engaged with content while thinking critically and sharing ideas with peers. Gifted and talented learners can perform leadership roles as peer-mentors to guide fellow learners to have a deeper understanding of Ghanaian language concepts. Teachers are advised to cater for all learners including those with sound production difficulties and solve problems skilfully.

ASSESSMENT SUMMARY

The assessment strategy for this section ensures a balanced evaluation of basic application of skills/concepts, strategic thinking, and extended critical thinking abilities of learners. Regular oral feedback and written responses are encouraged to facilitate improvement in learning and holistic learner

development. Beginning with Level 2 assessment, learners are made to read passages to identify the nouns, adjectives, verbs and adverbs to provide understanding of foundational knowledge of the various word classes in the language. Level 3 strategic reasoning assessment ensures learners progress to form correct sentences with the various word classes. This will help them acquire a deeper understanding of the word classes. Teachers should employ a variety of formative and summative assessment strategies to gather information about individual learner's performance, including scores, feedback, and progress over time. Through this, a balanced assessment approach, continuous improvement and holistic learner development are ensured.

Pedagogical Exemplars

Problem- Based learning

Group work:

1. In mixed-ability pairs, learners are made to write at least ten names of objects inside and outside the classroom on a manila card.
2. The pair reads the words aloud to the rest of the class.

Group work/collaborative learning

Whole class activity:

1. Teacher uses the above activities to discuss with learners the concept of nouns as they provide examples.
2. Teacher assists learners to categorise some given examples of nouns into types.
3. Teacher assists learners to read a passage of about two hundred words and identify the nouns in it.

Group work:

In mixed-ability groups, learners categorise the nouns identified in the text under the types discussed. (e.g., proper nouns, common nouns, abstract nouns, concrete nouns etc.).

Pair work:

1. In mixed-ability pairs, learners write two examples from each of the types of nouns and form at least three simple or compound sentences with them.

Whole class:

1. Learners share sentences with the class for discussion.

The HP learners in the various groups, should be tasked to help the AP learners

Section 3 Review

This section covers indicators that are taught in weeks seven, eight and ten. Here, learners are to demonstrate knowledge and understanding of appropriate use of nouns, adjectives, verbs and adverbs as the major word classes. In doing so, teachers should use varied pedagogical approaches to help learners discuss nouns, adjectives, verbs, adverbs and their various examples in appropriate sentences. Overall, varied assessments strategies are used to test learners' knowledge and understanding of the contents.

Content Standard: Demonstrate correct usage of rules in writing sentences using nouns, pronouns, adjectives, verbs and adverbs

INTRODUCTION AND SECTION SUMMARY

This section discusses the rules that govern the use of nouns, pronouns, adjectives, verbs and adverbs in constructing sentences. Learners will be introduced to the rules in a scaffolded manner. This means that, the rules of writing using nouns would be taught first followed by pronouns, adjectives, verbs and adverbs respectively. This section is essential for learners not only in the context of Ghanaian language studies but also establishes links with related subjects such as English and other languages. The section equips learners with the requisite skills of understanding how nouns, pronouns, adjectives, verbs and adverbs are used correctly in sentences based on the rules governing its use in the Ghanaian language of study. The examples and rules used here are not exhaustive and might not pertain to a particular Ghanaian language of study. Teachers are advised to use examples from the Ghanaian language of study to explain the concepts to learners. The teacher is encouraged to support the gifted and talented as well as learners with Special Education Needs.

The weeks covered by the section are:

Week 10: Constructing sentences using nouns and pronouns

Week 11: Constructing sentences using adjectives

Week 12: Constructing sentences using verbs and adverbs

SUMMARY OF PEDAGOGICAL EXEMPLARS

The pedagogical exemplars employed include a variety of creative approaches to teaching Ghanaian language concepts. Initiating Talk for Learning involves engaging learners to work in groups or as a whole class to share their views on a concept and make presentations. It includes approaches such as whole class activities and group work. In collaborative learning, learners collaborate in groups to find solutions to problems and concepts. This helps in developing self-confidence in learners. For gifted and talented learners, additional tasks are assigned to them such as performing leadership roles as peer-teachers. Teachers are advised to consider learners with SEN carefully.

ASSESSMENT SUMMARY

The assessment strategy for this section ensures a balanced evaluation of recall/reproduction, strategic reasoning, and extended critical thinking abilities of learners. Teachers should give regular feedback to learners and document achievement results for future reference. The assessment strategies employed begin with level 1 recall questions and short oral answers to offer insights into foundational knowledge of the concepts. Level 2 questions prompt students to apply concepts learned in their own work while Level 3 questions progress to short essays or oral presentations, evaluating students' ability to articulate and analyse sentences based on concepts learnt. Teachers should use a variety of formative and summative assessment strategies to gather information about learner's performance. This ensures a balanced assessment approach and foster continuous improvement and holistic learner development.

Wiiki 10

Zamesem Woyum: *Mɔ tapuna se ya tɔge yere de yereleirinu poponem wade sem*

Tayum naa Wo-yum: Ka-ma Yere de Yereleirinu Ka-mɔ Tapuna

Yere

Yere ye botarebu wolo dé na mae dé bwoi nabiina, vara, jei, boboja naa wonnu to mo. Dé jege se dé taa yei we tapuni wae de jege de dwoi yere dedoa de wone. Yere mo dé mae dé lware wonnu tedwonna da wone; dé mae dé pɔɔre wonnu daane. Yere wae de vei de yerebereno ye de ta bere dedoa de kɔgɔ de. Yere dem wae de ye keiru naa taamkugu tapuni wone. Maana: bu, Kadaa,yaga, sikuuli, sajem, twanno, jeiro, etc.

Yereleirinu

Yereleiru ye botarebu mo na mae o leiri yere naa yere tacheiŋi yuu ne taane wone se yere dem daa yé taa tiini de bwoi taane dem ne. Nenɛene: amo, nmo, debam, banto, o, á, dé, etc.

Wadε

Teachers should note that in most Ghanaian languages, there are no pronouns that mark gender. This must be made known to learners.

1. Wade selo dé na tɔga da dé mae yera dé mɔɔne tapuna to ba toŋe bedwe taane maama wone.
Kuni dedε:
 - a. Yere mo toŋe taamkugu totoŋa: **Tio** kom toa.
 - b. Yere ta wae de toŋe taangurinu totoŋa: bu wom di **wodiu** kom.
 - c. Yere ta wae de toŋe yereseini totoŋe de seini yere dem: **Sikuuli** bu tu sikuuli lela, **sɔŋɔ** tu wom mo zeili ne
 - d. O ta ye botarebu-yuu yere tacheiŋi wone: **sunu-lea**, **busankana** kam

Teachers should add on to the rules above as they pertain to the language

2. Wade selo dé na tɔge da dé mae yerleirina dé mɔɔne tapuna to ba toŋe bedwe taane maama wone. Yereleirinu ye:
 - a. Taamkugu/keiru tapuna wone: **o** tua.
 - b. Taamgurinu tapuna wone: Abuga jaane **de**.
 - c. Botarebu na leiri yere yuu ne mo pae de ba tiini de bwoi taane wone: Kaba tu **o** di kamaana yam maama.

NB: Teachers should add more rules as it pertains in the language

Zamesem totoŋa

1. Manje yere na ye kolo to n daare n pa maana na wo muri fuga.
2. Manje se ko veere jase yereleirinu na ye kolo to n daare n pa maana na wo muri fuga.
3. Kuri maana yalo n pe baŋa ne to yato yato n ma n mɔ tapum-zwaro.

Pedagogical Exemplars

Initiating Talk for Learning

1. Whole class:

- a. Teacher leads learners to discuss the rules governing the use of nouns and pronouns in sentences.

Collaborative learning

1. Modelling the use of the rules

- a. Teacher gives examples of sentences using nouns and pronouns considering the rules of writing sentences using nouns and pronouns.

2. Group work (Pair work): Learners (in pairs);

- a. Form sentences considering the rules of writing using nouns and pronouns.
- b. Study the structure of the sentences carefully.

The teacher should offer support to AP learners while the gifted and talented (HP learners) in the class can assist P learners.

3. Whole class:

- a. Present their observations on the structure of the sentences.

Encourage learners to accept and respect each other's views.

Wochæero telo banja ne dé wó ke ka-faŋe ka-ni to

Ka-faŋe-ka-ni yiga tu: ka-guli ka-ta/ Gulim

1. Maŋe yera de yereleirina na ye kolo to
2. Pa yera de yereleirina maana fuga fuga.
3. Ma maana yalo maama n na pe to wone yato n ma-n mo tapun-zwaro.

Ka-fae-ka-ni: Ka-boŋe ka-virigi

1. Á jeini balei balei á ga labaare se á bwé de. Á na zamese wadé selo to mo á wó ma á ni kolo na maŋe de kolo na wo maŋe to labaare dem wone. Guruppi maama laam wó nunji de njooŋe de taane.

The teacher should provide a short passage with errors in the usage of the nouns and pronouns in most of the sentences. The passage should be appropriate to the level of the learners and a suitable topic to maintain student interest

Wiiki 11

Zamesem Woyum: *Mɔ tapuna se ya tɔge yereseina poponem wade sem*

Tayum naa Wo-yum: **Ka-ma yereseina ka-mɔ Tapuna**

Yereseini ye botarebu mo na seini yere naa yereleirinu to se ko bere yere dem konto na nye tei chekke to taane wone. De mae de seini woŋo naa nɔɔno naa de maa yeiri wonnu mo daane.

Maana:

3. Mane keimbotarebu-dwoa yalo n zamese berem dento ne to.
4. a maana se ko yé muri yanu dwi maama banja ne se n daare n kwei maane dedwe dedwe dwi maama wone n ma n mɔ tapuna tapun-dwoa yam banja ne.

Pedagogical Exemplars

Group work/collaborative learning

1. **Whole class:**
 - a. Teacher leads learners to revise the concept verb and adverb
 - b. Teacher leads learners to discuss the rules governing the use of verbs and adverbs in sentences.
2. **Pair work:**
 - a. Teacher gives ten verbs and ten adverbs of varying length and complexity/familiarity.
 - b. Learners form simple, compound or complex sentences using verbs and adverbs.
 - c. Study the structure of the sentences carefully to make sure they are in line with the rules studied.
3. **Whole class:**
 - a. Pairs present observations on the structure of the sentences they have formed focusing on how the verbs and adverbs have been used.

Encourage learners to accept and respect each other's views. Teachers should offer more support to AP learners while HP learners can support P learners and be directed to use more complex/less familiar verbs and adverbs.

Wochɛero telo banja ne dé wó ke ka-faŋe ka-ni to

Ka-faŋe-ka-ni yiga tu: Ka-guli ka-ta/ Gulim

1.
 - a. Mane keimbotarebu de keimseini kuri na ye kolo to se ko veere.
 - b. Pa keimbotarebia de keimseina maana yanu yanu.
 - c. Ma keimbotarebia bam de keimseina yam n pε to n ma n mɔ tapuna. Tapuna yam n na mɔɔne to jege se ya pɔɔre ya zege tapuna dwoa yanto kura ne mo: i. tapum-mɔlɔ ii. Tapun-zɔgɔ iii. Tapun-kuni
2. **ka-boŋe ka-virigi**
 - a. Ga labaare n daare n bwε de ko tɔge de wadε selo nmo zamese to banja ne, Bere mε maama daanem na wora to.

(The teacher should provide a short passage with errors in the usage of the verbs and adverbs in most of the sentences. The passage should be appropriate to the level of the group and suitable to maintain learner interest).

Section 4 Review

This section covers indicators that are taught in weeks ten, eleven and twelve. Here, learners are to demonstrate knowledge and understanding of the use of nouns, pronouns, adjectives, verbs and adjectives in sentences. In doing so, teachers are encouraged to use varied pedagogical approaches to help learners construct sentences using the rules of writing that pertain to the word classes discussed. The rules of writing differ from one Ghanaian language to the other. Teachers are advised to teach the rules as they pertain to the language of study. Varied assessment strategies are used to test learners' knowledge and understanding of the contents.

POPWARE SENU TU: **TAPANE POPONEM**

Tayuu: **Taane de de Totoŋa**

Tayu-balanya: Tapane Poponem

Learning Outcome: *Use the rules of writing essays to compose essays in the respective Ghanaian languages*

Content Standard: Demonstrate knowledge and understanding of writing narrative, descriptive and expository essays

INTRODUCTION AND SECTION SUMMARY

This section discusses some essay types. The essay types discussed under this section are narrative essays, descriptive essays and expository essays. Learners will be introduced to the features of each essay type and be made to write three to four paragraph essays on given topics under the essay types.

This section is essential for learners not only in the context of Ghanaian language studies but also establishes links with related subjects such as English language. The section equips learners with the requisite skills of writing good and cohesive essays on given topics in the Ghanaian language of study. The examples of topics given are not exhaustive. Teachers are advised to use other topics to broaden the horizon of the learner's thinking ability. The teacher is encouraged to challenge gifted and talented learners as well as supporting learners with Special Education Needs.

The weeks covered by the section are:

Week 13: Narrative Essay

Week 14: Descriptive Essay

Week 15: Expository Essay

SUMMARY OF PEDAGOGICAL EXEMPLARS

The pedagogical exemplars employed include a variety of creative approaches to teaching Ghanaian language concepts. For example, in collaborative learning, learners collaborate in groups to find solutions to problems and concepts. This helps in developing self-confidence in learners. Teachers are encouraged to assign more complex tasks to gifted and talented learners and to direct them to perform leadership roles as peer-teachers. Teachers are guided to consider learners with SEN carefully.

ASSESSMENT SUMMARY

The assessment strategy for this section ensures a balanced evaluation of recall/reproduction, strategic reasoning, and extended critical thinking abilities of learners. Teachers are encouraged to document achievement results for future reference. The assessment strategies employed begin with level 1 recall questions and short oral answers to offer insights into foundational knowledge of the concepts. Level 3 strategic thinking skills questions progress to short essays or oral presentations, evaluating students' ability to write a cohesive essay on a given topic based on the features of the essay type, justifying their choices. Teachers should use a variety of formative and summative assessment strategies to gather information about learner's performance. This ensures a balanced assessment approach and fosters continuous improvement and holistic learner development.

Pedagogical Exemplars

Problem based learning

1. Whole class:

- a. Teacher leads the class to revise definitions of topic and supporting sentences of a paragraph through questioning.

2. Pair work

- a. Learners, in pairs, write a topic sentence and two supporting sentences of a paragraph on a given topic.
- b. Let the pairs present their works for discussion.

3. Group work:

- a. In mixed-ability or mixed-gender group, learners discuss the skills of expressing and organising ideas in paragraphs (e.g., key sentence structures, sequencing, etc.) and compare with other pairs.

4. Whole class:

- a. Discuss features of a narrative text.
- b. Through questioning, let all learners contribute to the explanation of narrative essay and its features.

Teachers should not expect learners to be at the same level of achievement. AP learners will be able to discuss what an essay and narrative essay are. P learners will be able to discuss an essay, narrative essay and give at least two features of a narrative essay. HP learners will be able to discuss an essay, narrative essay and give all the features of a narrative essay. Learners at this level can also give examples to support the features they have discussed.

Collaborative learning

1. Mixed-ability group:

- Teacher directs learners in mixed-ability groups to write a three-paragraph narrative essay on a given topic. (Topics selected should include leadership, taking responsibility of actions, community development, etc.).

The teacher should encourage all learners to take active part in the group work. The teacher should circulate the class to offer support to groups that need more assistance and challenge the higher achievers in the groups to support their peers.

2. Whole class presentation:

- Groups present their works to the class for discussion.

Pedagogical Exemplars

Problem based learning

Whole class:

- a. Teacher leads learners to revise the concept of narrative essay focusing on the features through questioning.
- b. Teacher leads learners to give examples to support the features they have described.
- c. Teacher leads the class to discuss what a descriptive essay is focusing on the features.

Group work:

- a. The groups discuss descriptive essays among themselves and its features giving examples to support their description.
- b. The groups write a three-paragraph essay on a given topic.
- c. Each group makes a presentation for discussion.

The teacher should expect different levels of achievement from learners. AP learners might be able to explain descriptive essays and give at least one feature. P learners will be able to discuss descriptive essays give at least two features and give examples of them and HP learners will do all the above and independently begin to write a cohesive descriptive essay.

Teachers should encourage all learners to take active part in the group discussion and move round the groups to offer assistance where necessary. If a group does well while other groups are still working, the teacher is advised to give such a group a higher task.

NB: The topic should be given by the teacher in the language.

Pedagogical Exemplars

Problem- based learning

1. **Whole class:**
 - a. Teacher leads quick revision of topic and supporting sentences of a paragraph.
 - b. Discuss the skills of expressing and organising ideas in paragraphs (brainstorming and organising).
 - c. Discuss features of an expository essay.

- d. Make a presentation on the features of an expository essay to the class.

The teacher should expect different levels of achievement from learners. AP learners will explain what an expository essay is while P learners explain what an expository essay is and give at least two features of an expository essay. HP learners will do all the aforementioned and give examples to support their explanation.

Group work/collaborative learning

1. In a mixed-ability group:

- a. Write at least a three-paragraph expository essay on given topics (e.g., cultural values (faithfulness, confidence, truthfulness), STEM, GESI, energy efficiency) taking into consideration the features of expository essays and rules of writing.

Key Assessment

Level 2 Assessment: Skills building

- 1. Write a three to five paragraph expository essay on the topic ‘how farming affects my life’, ‘how music affects my life’ or ‘the importance of cocoa in Ghana’

Level 4 Assessment: Extended thinking

- 1. Critique your own or a peer’s essay, evaluating to what extent all the features of an expository essay are included and how effective they are.

Section 5 Review

This section discusses text compositions. The text types discussed include narrative text, descriptive text and expository text. Learners were introduced to the features of each text type and were taught the skills of writing the text types basing their writing on the features of the text type. It is expected that by the end of the section, the learner should be in a good position to write a cohesive essay in the styles learned on a given topic.

ACKNOWLEDGEMENTS

Special thanks to Professor Edward Appiah, Director-General of the National Council for Curriculum and Assessment (NaCCA) and all who contributed to the successful writing of the Teacher Manuals for the new Senior High School (SHS), Senior High Technical School (SHTS) and Science Technology, Engineering and Mathematics (STEM) curriculum.

The writing team was made up of the following members:

NaCCA Team	
Name of Staff	Designation
Matthew Owusu	Deputy Director-General, Technical Services
Reginald Quartey	Ag. Director, Curriculum Development Directorate
Anita Cordei Collison	Ag. Director, Standards, Assessment and Quality Assurance Directorate
Rebecca Abu Gariba	Ag. Director, Corporate Affairs
Anthony Sarpong	Director, Standards, Assessment and Quality Assurance Directorate
Uriah Kofi Otoo	Senior Curriculum Development Officer (Art and Design Foundation & Studio)
Nii Boye Tagoe	Senior Curriculum Development Officer (History)
Juliet Owusu-Ansah	Senior Curriculum Development Officer (Social Studies)
Eric Amoah	Senior Curriculum Development Officer (General Science)
Ayuuba Sullivan Akudago	Senior Curriculum Development Officer (Physical Education & Health)
Godfred Asiedu Mireku	Senior Curriculum Development Officer (Mathematics)
Samuel Owusu Ansah	Senior Curriculum Development Officer (Mathematics)
Thomas Kumah Osei	Senior Curriculum Development Officer (English)
Godwin Mawunyo Kofi Senanu	Assistant Curriculum Development Officer (Economics)
Joachim Kwame Honu	Principal Standards, Assessment and Quality Assurance Officer
Jephtar Adu Mensah	Senior Standards, Assessment and Quality Assurance Officer
Richard Teye	Senior Standards, Assessment and Quality Assurance Officer
Nancy Asieduwaa Gyapong	Assistant Standards, Assessment and Quality Assurance Officer

NaCCA Team	
Name of Staff	Designation
Francis Agbalenyo	Senior Research, Planning, Monitoring and Evaluation Officer
Abigail Birago Owusu	Senior Research, Planning, Monitoring and Evaluation Officer
Ebenezer Nkuah Ankamah	Senior Research, Planning, Monitoring and Evaluation Officer
Joseph Barwuah	Senior Instructional Resource Officer
Sharon Antwi-Baah	Assistant Instructional Resource Officer
Dennis Adjasi	Instructional Resource Officer
Samuel Amankwa Ogyampo	Corporate Affairs Officer
Seth Nii Nartey	Corporate Affairs Officer
Alice Abbew Donkor	National Service Person
